Elisabeth and Michael Murphy

16 Laurel Ridge Road, Princeton, MA 01541

Phone: (508) 498-5638

Should your GPS not find the street, please use 12c Rocky Pond Road as our road has been renamed recently.

Our property of 2.97 acres was cleared in 1986 when we built the house and garden. The hillside garden features terraced flower beds with many perennials including over 400 daylilies with all Stout medal winners with the exception of Mayor of Munchkinland. A waterfall with a waterlily pond is located in one section of the garden. A large vegetable garden gives ideas on what to grow successfully in our region. Plenty of parking is available in our driveway and along the private road. Our garden is near Mt Wachusett - 3 miles from rt. 2 and 8 miles north from the intersection of Rt. 190 and 140.

Our garden will be open the following days:

Friday July 21, 2023 8:00am – 5:00pm

Sunday July 23, 2023 8:00am – 11:00am

Monday and Tuesday July 24-25, 2023 8:00am – 5:00pm

New Hampshire**Daylily garden at the home of Nancy, Lew and Cameron Stern**

74 Rocky Pond Road, Hollis, NH 03049

(603)465-2541 sternnancy@aol.com

Our garden will be open on Sunday morning, July 23, 8-11am, before the picnic at Harmon Hill, and also on Monday morning, July 24, 8am-noon. We have about 900 cultivars in the garden, along with several seedling beds. Our house sits at the top of a hill, but the majority of plants are in the lower portion of the yard. We are the first house on a shared dirt driveway - it's best to park on the right-hand side. We can also fit a couple of cars up by the house. The house cannot be seen from the road so please look for our mailbox. If you have any questions, you can reach me at sternnancy@aol.com.

Cheryl and Rich Isaak's Garden

15 Lexington Ave, Londonderry NH 03053

(603) 548-7810 cherylisaak@comcast.net

The garden is a hilly affair with three main beds. Two beds are to the east side of the house across the lawn and one LONG one up the driveway. I combine my love of daylilies with plants to welcome birds, bees, and butterflies. Most of my daylily cultivars are older introductions and span extra early to very late bloomers. I've become addicted to unusual forms and small daylilies and those will be the more recent additions. There are many local and Region 4 hybridizers represented. Plenty of on-street parking. I am on the left side of the cul-de-sac. Look for the contemporary house if you don't spot the garden.

Located 5 miles from Exit 4 (NH 102) and under 5 miles from Harmon Hill Farms, we will be open Friday, July 21, from 9 AM until 5 PM and Sunday morning, July 23, 8:30 AM until 11 AM. If you will be in the area and want to visit on Thursday or Monday, send me a text with some notice and we can arrange something.

Carl & Marlene Harmon - Harmon Hill Farm

49 Ledge Rd, Hudson, NH

(603) 880-6228 or 603-521-5538 harmonhill25@comcast.net

Carl & Marlene have been growing daylilies since 1998 and display over 4,500 cultivars with over 2,000 cultivars in their display beds and sales area. The garden features a gazebo amidst the daylilies, and you'll also see coneflowers, Asiatic, Oriental and Orienpet liliiums as well as a variety of hosta and a few other perennials. While we are well known for our large selection of modern northern and Region 4 hybridizers' introductions, we also carry some southern intros that have turned out to be hardy here in NH.

Look for our Harmon Hill Farm mailbox on the right side of Ledge Road about ½ mile off route 102 in Hudson, NH. Please pull into the driveway off Ledge Road and we should have someone directing you where to park. If no one is there, you may follow signs on the dirt road and park on the dirt road or on the lawn near the garden or please feel free to park perpendicular to the driveway on the lawn on the hill up to the house and follow the dirt road for a short walk to the garden.
